SCIENCE IS ALL AROUND US  
ERASMUS+

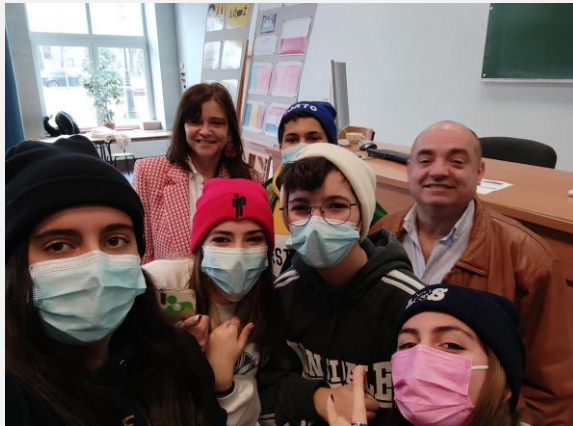

# THURSDAY

- We travelled early in the morning and got here late in the afternoon.
- We arrived to the hotel.
- Our first impression was that we liked it and it was comfortable and cosy.

# FRIDAY

- On Friday we came to school and we presented our works about Easter and Ramadan in our countries, we had two activities: one of them was getting to know each other and the other one we made art with markers, crayons, etc.

# FRIDAY

- Then we had lunch and after that we walked around the city and bought some souvenirs.
- At dinner, we were in Manufaktura.

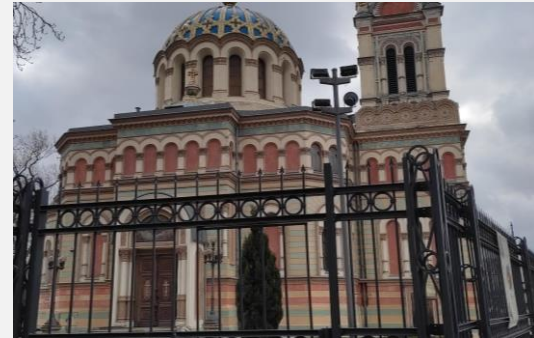

# SATURDAY

- On Saturday we went to Warsaw and there we saw the Royal Castle, the Old Town Square and streets, the Tomb of the unknown soldier and we had lunch nearby.
- In the afternoon we saw the Palace of Culture and Science, a space exhibition and we had dinner on the way back to Lodz.

# SUNDAY

- On Sunday, we were in the Science centre.
- In the afternoon, we went to a Museum of Art and then we had free time.

# MONDAY

- On Monday we had an orienteering game and the winners won prizes.
- Then we had lunch and after that we had a game of Lasertag and went to the Experimentarium in Manufaktura.

# TUESDAY

- Today we went to the Museum of the city of Lodz.
- In the afternoon we are going to do some more activities.
