

Erasmus+ *Summary of our Erasmus week*

Sincerely, Turkish Team

Friday

Polish students welcomed us warmly, described around briefly before the events and then we had social events that day.

We have drunk the beverages we got from different countries of ours and eaten the food/deserts.

Gaming and Learning
Activities

Saturday

We had a bus trip to “Warszawa”, learned about one of the most popular theories about the name of the city.

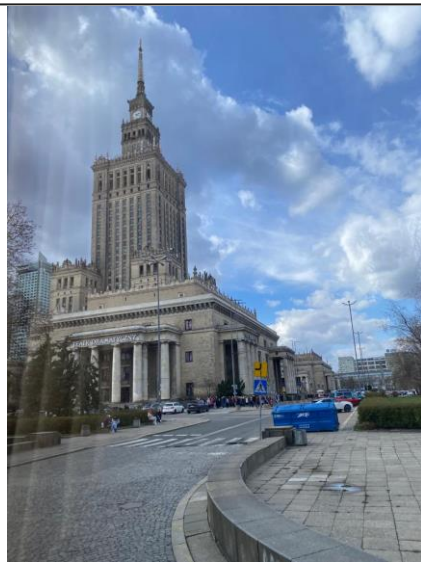

Then, we travelled to The Royal Castle and Palace of Culture and Science, took photos of the city from the terrace.

Museum

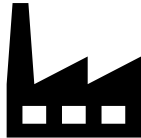

Sunday

That day, we have started our day with a guided tour of the Old Heat Power Station and Power Plant.

We learned about the basics of creating electricity by a power plant and general information about fossil fuels, especially coals.

In Planetarium, there was a Polish introduction about our universe, then we learned about the history of aviation, in order to specify, we learned how mankind managed to produce planes in a journey which started by kites.
